Garden Project

Somerset Township, incorporated in 1856, served rural and village residents until 1915 when the Village incorporated. Village founder Sam Harriman named Somerset for his father's birthplace in England. In 1886 Edward Mason, Harriman's nephew, built the historic Town Hall.

Volunteers and local organizations are working to create a small garden on the grounds of the recently renovated historic Town Hall. It features brick walkways and ordered beds inspired by English gardens of the late 1800's. This garden project designed by Melissa Tuura-Johnson is dedicated to the memory of Helen Landry.
